PETITION TO THE NOVA SCOTIA LEGISLATURE

We the undersigned residents of Nova Scotia ask the Government of Nova Scotia to defend, not defund, Nova Scotia books and Nova Scotia publishers.

Until now, the government has helped writers and publishers create new Nova Scotia books of all kinds – novels, kids books, biographies, cookbooks, history and more. We've seen these in our local bookstore, and we want them to keep on coming.

Every other province provides funding so their publishers can work with local authors to get great local books out there.

We ask that the $700,000 Publisher Assistance Fund be reinstated!
